Andrew Peterson, a beloved attender of this Meeting, has opened to us his leading to work with the African Great Lakes Initiative in Burundi and the Great Lakes Region. He anticipates traveling to Burundi in May, 2008 and staying for one year, or longer.

The Friends Meeting of Washington unites with Andrew's leading to work for peace and reconciliation. We trust that you will benefit (as we have) from sharing his insights and quiet faith. We commend him to your care and hospitality.

Approved and Minuted at Meeting for Business held on April 13, 2008.

In Peace,

Hayden Wetzel, Clerk
